RE: SASN'S OFFICIAL ENDORSEMENT OF GILBERT SCHOOLS NETBALL RANGE

We hereby proudly reiterate our endorsement of the Gilbert Netball Range as the Official Ball of South African Schools Netball. This will also be the start of our #ItsMyGame Campaign, which will emphasise that Netball is a sport for all levels of players in South Africa.

Gilbert recently extended their agreement with the INF as the official netball of the Netball World Cup. This gave us the confidence required to continue our partnership and seek areas to activate and grow together. We hereby introduce to you the Official South African Schools Netball Range:

SPECTRA

Official Match Ball of SA Schools
Netball

PULSE

Official Match Ball of Schools
Netball

We hope that the below endorsement creates consistency in play and gradually builds teams and players towards the National Tournaments and teams in South Africa.

Kind Regards,

DI WOOLEY

PRESIDENT SOUTH AFRICAN SCHOOLS NETBALL (SASN)

Choosing Your Netball

Training vs Match Ball

Gilbert training netballs are made with cost and resilience in mind so they can withstand the rigours of multiple training sessions. They are made with a higher percentage of synthetic rubber rather than natural rubber which makes them a more robust ball, but also reduces the natural grip properties.

Gilbert match netballs on the other hand have been designed and produced with high performance in mind. Due to the performance nature, match balls are more expensive and therefore are often used in team run-throughs and matches rather than regular training sessions. Gilbert match netballs are made with more natural rubber which naturally enhances the grip, essential for match play.

MATCH			TRAINING	

SIZING

Size 4 = 8-10 years old
 Size 5 = 10+ years old
 Regulation weight for a
 Size 5 netball = 460gms

INFLATION

Pull the ball into shape
 Moisten needle
 Inflate to recommended PSI
 After 5-7 days the balls will
 need to be topped up

PRODUCT CARE

Check the PSI before every use
 Avoid use on rough surfaces as wearing will vary
 depending on the surface
 Don't sit on inflated netballs
 Rotate the balls in your kit to ensure even usage
